

SAVE International Annual Conference

Technical Program Schedule - 2004

Start Time	Tuesday - July 13		
	Track 1 - Grand Salon A	Track 2 - Grand Salon B	Track 3 - Grand Salon C
8:00	Conference Opening/Keynote Speaker - Andrew Tanner, Pratt & Whitney, Canada Grand Salon A/B/C		
8:30			
9:00			
9:30	Network Break		
10:00	Moderator - Joe Otero 1 The Possibility of VE Activities as New Product Planning by Utilizing TRIZ Techniques - Manabu Sawaguchi and Masaya Takemura	Moderator - Alain LeBlanc 4 Value Management - The Objective Forensic Tool - Ronald Tanenbaum	Moderator - Drew Algase 7 Maximizing Value and Minimizing Waste: Value Engineering & Lean Production - Theresa Lehman
	2 FAST Doesn't Flow - Ginger Adams	5 Using Value Management to Redesign a Government Organisation - Roger Giroux and Nicole Malo	8 Implementation of Value Management within the Manufacturing Supplier Community - James Bolton and Bijay Nayak
	3	6	9
11:30	Lunch/Honors and Awards		
12:00			
12:30			
1:00			
1:30	Moderator - Roy Woodhead 10 FAST in Technology Development - J. Jerry Kaufman	Moderator - Mike Pearsall 13 New Requirements in Value Analysis - Dr. Ferenc Nadasdi	Moderator - Jim Bolton 16 Sustainability/LEED and Life Cycle Costing - Their Role in Value Based Design Decision Making - Stephen Kirk and Alphonse Dell'Isola
	11 Genesis of FAST - Charles Bytheway	14 A New Evaluation Method of Interaction Effects using Compound Added Function Based on Potential Users' Evaluation Value - Masayasu Tanaka, Masao Okuhara, and Harumi Otsuki	17
	12 Function Analysis as a Design Discipline - Dr. Dan Seni	15 The Opposite of Rational is Not Irrational: Why Decision-Makers Don't Always Act Like We Think They Should - Gary Myers	18
	Network Break		
3:30	Moderator - Jerry Kaufman 19 A Teleological Explanation of the How-Why logic in Classic FAST - Mohammed Berawi and Roy Woodhead	Moderator - Bernard Dull 22	Moderator - Earl Wilson 25
	20 An Etiological explanation of WHEN logic in Classic FAST - Dr. Roy Woodhead and Mohammed Berawi	23	26
	21	24	27
4:00	Certification Forum		Construction Forum
4:30			
5:00			

SAVE International Annual Conference

Technical Program Schedule - 2004

Start Time	Wednesday - July 14					
	Track 1 - Grand Salon A	Track 2 - Grand Salon B	Track 3 - Grand Salon C			
8:00	Opening Session/Keynote Speaker - William Vander Roest, TRW Automotive Grand Salon A/B/C					
8:30						
9:00						
9:30	Network Break					
10:00	Moderators - Drew Alqase/Bijay Nayak	Moderator - Rick Johnson	Moderator - Steve Taylor			
	28	31	Value Analysis and LCC Analysis Model of Water Supply System Projects - Jongwon Seo, Jong-Kwon Lim, Pyung-Ki Jung, Kook-Rae Cho, and Jae-Sun Lee			
			34	What is of Value to Your Customer: A Study of the Application of the Customer's Project Value Criteria Tool - John Kelly		
10:30			29	32	Use of Independent Value Engineering Team by Region of Halton As A Part of It's Quality Control Program - George Riek	
	35					
11:00	30	33	36			
The Functions of Aesthetics - Lindsay White						
11:30	Lunch/Keynote Entertainment Speaker - Darren LaCroix Alfred Rouleau A/B/C					
12:00						
12:30						
1:00						
1:30	Moderator - Theresa Lehman	Moderator - Donald Hannan	Moderator - Renee Hoekstra			
	37	40	Value Engineering on Design Build Construction Projects - Kathy Bethany			
			2:00	38	41	44
2:30						
	A New Model Linking Expectations to Characteristics and Costs - John Koga					
Network Break						
3:30	Moderator - Laurie Dennis	Moderator - Donald Hannan	Moderator - Tom Fletcher			
	46	49	52	How to Better Incorporate Risk into Value Management - Scot McClintock and Michael Thompson		
				4:00	47	50
4:30						
	How to be a More Effective Leader - Renee Hoekstra					
International Forum						
Push Traditional Value Methodology To It's Limits - Ronald Harris						
5:00						

SAVE International Annual Conference

Technical Program Schedule - 2004

Start Time	Thursday - July 15		
	Track 1 - Grand Salon A	Track 2 - Grand Salon B	Track 3 - Grand Salon C
8:00	Moderator - Peter Jobs	Moderator - Ted Lane	Moderator - Gord Johnson
	55	58	61
8:30	Marketing Forum	Transportation Forum	VA Tear-Down; A New Value Analysis Process - J. Jerry Kaufman and Yoshihiko Sato
	56	59	62
9:00	57	60	63
9:00	Selling Value Management by Changing the Conversation - Howard Ellegant		
9:00	The Integration of Function Analysis and Virtual Reality Simulation - Richard Johnson, John Dovel, Del Younker, Charles Hixon, Ed Morales, Craig Miller, and Ale Alamo		
9:00	A New Supporting Method for New Product Concept-Making Based on Customers' Function Evaluation - Masao Okuhara, Masayasu Tanaka, and Hiroo Hirose		
9:30	Network Break		
10:00	Moderator - Dan Clancy	Moderator - Rod Curtis	Moderator - Steve Kirk
	64	67	70
10:30	Value Innovation through Value Engineering - A Strategic Objective - Alok Ghosal	Growing VE at the Ontario Ministry of Transportation - Stephen Holmes and Ted Lane	VE, Six Sigma, and Lean - Synergy in Army Munitions Management - Charles Cell
	65	68	71
11:00	Increase VE Team Performance for Buildings with UNIFORMAT II - Robert Charette and Mark Kalin	Stop Weighting, Rating, and Calculating; Choosing By Advantages and the Conventional VA Job Plan - Michael Adams	Synergizing Requirements of Differing Agendas: The Value of Merging Functions of the ORD, JTA-A, and Obsolescence Issues - Janice Dove, Vicki Loewen and Jonnesa Countess
	66	69	72
11:00	The Method of Competency Model for Improvement of VEL's Performance - Kazuaki Tanzawa		
11:30	DoD Strategic Plan for Value Engineering - Dr. Danny Reed		
12:00	Lunch/Keynote Speaker - Mr. Bruce McCuaig, Ministry of Transportation Ontario Alfred Rouleau A/B/C		
12:30	Lunch/Keynote Speaker - Mr. Bruce McCuaig, Ministry of Transportation Ontario Alfred Rouleau A/B/C		
1:00	Moderator - Francine Constantineau	Moderator - Scot McClintock	Moderator - Joe Otero
	73	76	79
1:30	Is One Day Enough? The Argument for Shorter VM/VE Studies - Kirsty Hunter (39) 2	The Integration of the Performance Measures Process into Value Studies - Robert Stewart	Paradigm Shifting 101: Right-Brain Discovery Techniques for Left-Brain VE Study Facilitators - Eugene Degenhardt
	74	77	80
2:00	75	78	81
2:00	VE 401: Pitfalls and Missteps and How to Avoid Them - Jill Woller (89) 1		
2:00	Evaluating the Performance of VE Study Using Factor Analysis and AHP - Po-yi Chang and Wei Tong Chen		
2:00	Five Steps for More Effective Implementation of Brainstorming in Value Engineering Studies - Muhammad Al-Ghamdi		
2:30	Network Break		
3:00	Moderator - John Koga	Moderator - Roch Prud'Homme	Moderators - Bijay Nayak
	82	85	88
3:30	Using VE Techniques for Planning Construction Projects - Howard Greenfield	Audit System for Better Performance of Value Engineering Study in a Manufacturer - Larry Jung-Hsing Lee and Chi-Yuan Lo	Setting Corporate Guidelines for VE in new Product Development - Axel Peter Reid
	83	86	89
4:00	A Re-Appraisal of Value Methodologies in Construction - Steven Male, John Kelly, Marcus Gronqvist, and Drummond Graham	Experience Gained Through Teaching Value Analysis at the College of Dunaujváros (Hungary) - Preparation of Student Case Studies - Tunde Laufer, Ferenc Nadasdi and Zoltan Domboroczky	Integrating the Value Methodologies into Product Design and Project Management Processes as Part of a Value Management Culture at Pratt & Whitney Canada - Alain LeBlanc
	84	87	90
4:30	Closing Session - Grand Salon B		
5:00	Closing Session - Grand Salon B
